PETITION FOR PATENT TERM ADJUSTMENT
PURSUANT TO 37 C.F.R. §1.705(d)

Sir:

Patentee submits this Petition for Patent Term Adjustment (PTA) pursuant to 37 C.F.R. §1.705(d) in which a reconsideration of the PTA indicated on U.S. Patent No. 7,151,106, which issued on December 19, 2006, is requested. This Petition for PTA is being filed on the date indicated below which is less than two months after the issuance of U.S. Patent No. 7,151,106. Thus, this Petition is being timely filed under 37 C.F.R. §1.705(e).

According to the USPTO, and as indicated on the cover page of U.S. Patent No. 7,151,106 and on the "PAIR" page on the USPTO's website (of which a copy of each is enclosed), the PTA for U.S. Patent No. 7,151,106 is 261 days. It is believed that the USPTO reached this determination by applying a 25-day delay against Applicant because of the filing of "formal" drawings on September 19, 2006 and, accordingly, subtracted 25 days from the "initial" PTA of 286 days.

Patentee respectfully disagrees with the USPTO's calculation and believes that a 25-day debit should not have been applied because no "formal" drawings were filed on September 19, 2006. In fact, the only paper filed by Applicant subsequent to the Notice of Allowance, dated July 5, 2006, was the payment of the Issue Fee on September 19, 2006.

01/24/2007 TBESHAK2 00000039 190134 7151106

It should be noted that a Notice Regarding Drawings was forwarded to the Applicant on April 11, 2005, which Notice had a non-extendable due date of June 11, 2005. In response to said Notice,

Applicant timely filed a communication on May 17, 2005, which included "replacement" drawings. No further communication from the USPTO regarding drawings was received by the Applicant.

In short, since the only paper filed by Applicant subsequent to the Notice of Allowance was the timely payment of the Issue Fee on September 19, 2006, and since the subject U.S. patent issued within four months of the payment of the Issue Fee, it is believed that the Patentee is entitled to 25 additional days of patent term and that the correct PTA for U.S. Patent No. 7,151,106 is 286 days. Accordingly, the Patentee requests that the USPTO issue a Certificate of Correction which indicates that the PTA for the subject U.S. patent is 286 days.

Please charge the \$200 fee required by 37 C.F.R. §1.18(e) and any other fees that may be required to Deposit Account No. 19-0134 in the name of Novartis Corporation. An additional copy of this Petition for PTA is enclosed.

Respectfully submitted,
